

Grace Woolley

My life before Christ...

I've pretty much known him for my whole life. But I never really trusted in Him completely or let Him lead my life.

How I realized I needed Christ and accepted Him as my Savior...

I realized I needed Christ when I was having dreaded thoughts and I felt scared and guilty. I knew that I needed Christ to save me and protect me.

My life since receiving Christ...

I know God is good and He has a plan. My life is free from dread, and I know that He has saved me and protects me. He has brought a lot of joy into my life. I've been interested in reading the Bible more and really proud to share my faith.
